ABOUT ME

A 5th-semester D4 Informatics Engineering student at Malang State Polytechnic with a strong interest in developing in technology, particularly Machine Learning. Experienced in building clustering models, NLP-based sentiment analysis, and model preprocessing and evaluation using Python. Able to translate technical concepts into practical solutions and has experience mentoring colleagues in the field of informatics.

EDUCATION

D4 Informatics Engineering — *Malang State Polytechnic* | 2024–2028

IPK: 3,64 / 4,00

EXPERIENCE

Machine Learning Cohort | *Asah led by Dicoding* | August 2025 – January 2026

- Membangun model K-Means untuk segmentasi data dalam skala dataset nyata menggunakan Python (scikit-learn, Pandas).
- Mengembangkan sistem analisis sentimen menyeluruh menggunakan teknik Natural Language Processing (NLP) dengan library NLTK.
- Menerapkan pipeline prapemrosesan data, rekayasa fitur, dan evaluasi model (akurasi, F1-score) secara sistematis.

Mentor | *Workshop Riset Informatika* | September 2025 – June 2026

- Membimbing 10+ mentee dalam memahami dasar-dasar ilmu komputer dan logika pemrograman.
- Mengajarkan konsep pemrograman berorientasi objek (OOP) menggunakan Java sebagai persiapan ujian akademis.
- Menyusun latihan soal berbasis studi kasus untuk meningkatkan kemampuan problem-solving mentee.

SKILLS

Programming language:

Python • PHP • JavaScript • TypeScript • HTML • CSS

Framework:

React • Laravel • FastAPI • Flask • Next.js

Database:

MySQL • PostgreSQL

Machine Learning & Data Science:

Supervised Learning • Clustering (K-Means) • Natural Language Processing (NLP) • scikit-learn • Pandas • NumPy • NLTK • Keras • TensorFlow • Jupyter Notebook

Devices and Platforms:

Visual Studio Code • Google Colab • Git • Node.js

CERTIFICATION

- Building Machine Learning Systems — Dicoding (2025)
- Deep Learning Fundamentals — Dicoding (2025)
- Python Programming — Dicoding (2025)
- Building Advanced Deep Learning Projects — Dicoding (2026)

LANGUAGE

- Indonesian** — Fluent (Mother Tongue)
- English** — Intermediate (Actively reads technical documentation)

REFERENSI

*Referensi akademis dan profesional tersedia atas permintaan. Dapat dihubungi melalui email:
